SEAOSC

Founded in 1928

Vol. 15 Feb. 2005

NEWS

President's Message

Our February meeting in L.A. is one of two non-technical meetings we have each year. There will be no Practical Design and Detailing (PD&D) seminar at this meeting; however, we will have a PD&D seminar at the Orange County meeting. Please see the inserted announcements for more information.

We invite all students to attend the L.A. meeting free of charge. In

addition, we award scholarships to the exceptional students from the local colleges and universities. This would be a great time to attend and meet the stars of the next generation of engineers.

If you would like to make a donation to the scholarship fund, please contact Sam Hensen the chair of our Younger Member Committee and the coordinator for this year's event. You may also contact Don Gilbert at the

(Continued on Page 4)

Seminars Feb. 9

The Orange County Chapter Practical Design & Detailing (PD&D) Seminar and Dinner Meeting on Feb. 9, 2005 will feature a repeat of the Oct. 6, 2004 seminar given in Los Angeles: Masonry Material Specification and Availability by Paul Bambauer, Executive Director of the Concrete Masonry Association; and Pre-

Construction Planning and Observation of Construction by John Surratt, Architectural Sales Manager of Angelus Block. Following dinner, John Magnan, Architectural Sales Manager of Angelus Block will speak on Materials and Quality Control. This same PD&D

(Continued on Page 3)

L.A. Dinner Meeting

Wednesday, Jan. 12

Program: Structural Engineering of "The Terminal" Movie Set

Speaker: Janah Risha, S.E.

Location: Luminarias Restaurant, Monterey Park

Time: 5 p.m. Social Hour

6 p.m. Dinner

7 p.m. Program

Menu: Steak. (Vegetarian available if requested by Noon, Jan. 10.)

Cost: \$30 (Full-time students \$15)

(See blue insert for reservation form and details.)

Orange County Dinner Meeting

Wednesday, Feb. 9

Program: Part 3 of PDD: Masonry Materials and Quality Control

Speaker: John Magnan, Architectural Sales Manager, Angelus Block

Location: Costa Mesa Country Club, Costa Mesa

Time: 5 p.m. Social Hour

6 p.m. Dinner

7 p.m. Program

Menu: Buffet

Cost: \$30 (Full-time undergraduate students: \$15)

(See orange insert for reservation form and details.)

19	8 a.m.	Steel Structures Macro Seminar	DoubleTree Hotel, Rosemead
23	Noon	May Newsletter Deadline	

Feb. 9 SEAOSC PDD Seminars

(Continued From Page 1)

seminar will be given Mar. 9 for the Tri-Counties Chapter.

Save the date of Mar. 19 when the SEAOSC Steel Committee will be presenting a Macro Seminar on Steel Topics at the Rosemead DoubleTree Hotel. More information will be disseminated when details are determined.

New Members

SEAOSC welcomes its newest members:

Arash Altoontash,
Associate, Walter P. Moore and Associates

Gerardo Olmos, *Member,* City of Glendale

Neville Pereira, *Member,* City of Glendale

Cary Rapoport, *Member SE,* Mackintosh & Mackintosh

Sevag Astourian, *Member,* Taylor & Gaines

Gabriel Sanchez, *Associate,* Spieler Engineers

Ali Bastani, *Member,* Lowney Associates

Ricardo Sangiovanni, *Member,* MakeItRight, Inc.

Rafael Cornejo, *Member,* California Code Check

Kimberly Scott, *Member,* Miyamoto International

Joseph Padilla, *Associate,* Harris Engineering

Bryan Spain, *Member,* CCC, Inc.

Jason Farthing, *Member,* Thornton-Tomasetti Group

Craig Swift, *Associate,* Structural Focus

Erzen Hoda, *Associate,* The Englekirk Companies, Inc.

Matthew Tsui, *Associate,* Thornton Tomasetti Engineers

Jeffrey Keaton, *Member,* AMEC

Kenneth Young, *Associate,* California Code Check

President's Message (Continued from Page 1)

SEAOSC office. We are also looking for donations to offset the cost of the student's meals.

Because this is February, the month that includes Valentine's Day, it's "bring your significant other" to the meeting. "Significant others night" started many years ago as 'bring your wife' to a meeting. We realized some of our members were women, so we changed it to 'bring your spouse' to the meeting. But then we realized that some of our members were not married, so now it's 'bring your significant other' to

the meeting. However, you are welcome to come alone as well.

I think engineers, students and significant others will enjoy this month's meeting topic: "Structural Engineering of the Terminal Movie Set" presented by Janah Risha. This is the current movie that stars Tom Hanks, who gets stuck at the airport. It is sure to be a great presentation.

Our Steel Structures Committee will present the next macro seminar on March 19. This will be of interest to all practicing engineers. Save the date and plan on attending.

Larry Brugger

President

Convention Committee Voted "Most Fun"

The 2006 SEAOC Convention Committee, the new "it" committee, is calling for volunteers. If you want to work on the most fun SEAOSC committee, please call Tom Harris at (805) 499-4484 or email him at harrisengr@aol.com. Volunteer jobs vary from providing transportation of supplies and people to stuffing gift bags to decorating to hosting events. The more the merrier! Call today!

Strong Motion Seminar

The California Department of Conservation, California Geological Survey, Strong Motion Instrumentation Program will hold a seminar on Utilization of Strong-Motion Data May 10 at the Omni Hotel in Los Angeles.

For more information, call (888)472-7647 or visit www.conservation.ca.gov/cgs/smipseminar.htm; or email Lisa.Chisholm@conservation.ca.gov.

SEAOSC MENTORS IN ACTION

With financial help from SEAOSC, similar organizations and many individuals, the ACE Mentor Program is in its third academic year in Los Angeles and Orange counties. The program introduces high school students to career possibilities in Architecture, Construction and Engineering (ACE). Of the eight teams active, three are led by SEA members **Gregg Brandow**, **Tom Sabol** and **Eric Stovner**. Our member Medi Givechian is mobilizing for a start at a new school in Orange County. A half dozen other SEA members are

active as volunteer mentors. Students will concentrate this spring on the design of stations at their campuses, for a hypothetical “ACE Transit System” joining all the schools. They will present the results of their work at the Third Annual ACE Los Angeles Awards Banquet, May 19 at the Cathedral Conference Center. You are invited, so please save the date. For detailed information, see www.ACEMentor.org or phone Terry Dooley, ACE Chairman in this area, at (310) 566-9265.

From left: Judges Martin Johnson, SEAOSC, and Jay Higgins, ASCE, examine an entry in the ACE Mentor Program's "All-Schools" competition held Nov. 13, 2004 at Southern California Institute of Architecture.

The ACE Mentor Competition's "All-Schools" competition was a busy place.

INTEGRATED DESIGN SERVICES, INC.
Structural Engineers

IDS, a leading orange county structural engineering firm has immediate openings for:

Structural Engineers, S.E.
Structural Analysts and Designers, P.E.

This is an outstanding career opportunity to work on very challenging projects covering:

- **Structural Design of Major Structures**
- **Structural Assessment and Seismic Retrofit**
- **Risk Analyses & Building Research**

We provide a nice working environment & an excellent compensation package.

IDS: 13891 Newport Ave., Suite 110, Tustin, CA 92780
Tel: 714-368-5080 Fax: 714-368-5088, e-mail resume to: jenny.warren@idsse.com

JOHN A. MARTIN & ASSOCIATES, INC.

1212 S. Flower Street, 4th Floor, Los Angeles, CA 90015

Join the winning team of John A. Martin & Associates, Inc. (JAMA) and work on award winning projects like the Staples Center, Disney Concert Hall, Los Angeles Convention Center Expansion, UCLA Replacement Hospital, Royce Hall seismic correction, Eiffel Tower II. We are looking for:

Project Structural Engineers with a California CE and preferably SE and 5 to 10 years experience in designing concrete and steel buildings. Wood design experience is a plus.

and

Structural Analysts with substantial experience in linear and nonlinear analysis of building structures and commanding knowledge of ETABS, SAP2000 linear and nonlinear software systems. Working Knowledge of RAM-PERFORM 2D/3D and RAM Structural Systems is a plus.

We offer a competitive compensation package and growth opportunities to qualified and motivated engineers and drafters who want a wide-range design experience and a desire to be on a cutting edge team.

Applicants should e-mail a copy of their resume to personnel@johnmartin.com
